

N-111

Fast Wash

Description

Nova N-111 Fast Wash is a fast-drying roller and blanket wash. It is formulated for use on smaller presses and can be used by hand or in automatic wash-up attachments. It contains a mild solvent blend with a pleasant odor that is non-damaging to nitrile rubber rollers and blankets.

Product Need and Usage

The quick printer is looking for a product that is friendly to use, but one that also works and dries quickly. N-111 Fast Wash is the product of choice for this application. It is compatible with press elastomers and equipment and with workers in a smaller pressroom environment.

Directions

Blankets: Apply N-111 with a saturated cloth and wipe in a back and forth motion. Wipe clean with a dry cloth.

Rollers: Apply N-111 to the roller train with a solvent applicator bottle. Engage the wash-up blade, or on small presses attach a wash-up sheet to the plate cylinder. Apply small amounts of N-111 until the rollers are clean.

Metering Roller: Saturate a cloth and wipe metering roller to remove ink.

Features

- * Mild odor and user-friendly.
- * Safe for use on nitrile rubber compounds.
- * Fast-acting formula dissolves ink and other contaminants.
- * Very fast drying – for fast manual and automatic cleaning of rollers and blankets.

Technical Specifications

Drying Speed	Fast
Water-Miscible	No
Flash Point (°F TCC)	10
VOC (lb/gal method 24)	6.00
Vapor Pressure (mm HG)	45
Odor/Fragrance	Mild Solvent
